An afternoon of Lithuanian and Latvian folk tales, storytelling, traditional games, and contemporary Baltic folk-inspired sound.

Featuring Per_kūnija - an opportunity to explore, try on, and purchase Vilma Marė's handcrafted linen garments. Rooted in years of research into Baltic heritage, traditional symbolism, and sustainable craftsmanship, her designs are adorned with ancient signs, transforming clothing into wearable works of art.

The occasion also marks the closing celebration of the exhibition *Darna = Dharma = Harmony*.
